

1. Read the text below and answer the questions.

## Dragons

In the West, dragons are thought to be fire breathing monsters. But in China and other parts of South East Asia dragons are believed to be kind and helpful.

They are majestic and much loved creatures. Legends say that dragons help humans by sending good luck or good weather to help grow rice crops, or to protect ships at sea.

This picture is Shenlong, a blue-scaled Chinese dragon of the clouds, wind and rain.

Do people in China think dragons are bad?

---

How do people think that dragons help them?

---

What is the dragon in the picture called?

---

2. Draw your own dragon  
Will it be kind or scary?

3. Fill in the gaps to make a sentence. Choose from words below or make up your own.  
Put a blue word on the blue lines and a black word on black line.

A \_\_\_\_\_ dragon with \_\_\_\_\_

scales flew through the clouds and sprayed all

the crops with \_\_\_\_\_.

Adjectives- kind      cheerful      happy      nice      bad  
                  scary      fearsome      horrid  
                  blue      red      green      pink      purple

Nouns-      fire      water      sweets      smoke
